

DIGITAL SIGNAGE BATTERY SOLUTION

BATTERY

- 48v 20ah Lithium Battery 1000w
- 48V 20AH, 2500mAH Cell, suitable for 500W 750W 1000W motor
- Outer-layer: Waterproof PVC, characteristics of insulation, anti-corrosion and wear resistance
- Inner-layer: low melting point, waterproof seal and high adhesion

INVERTER

- 48/250 120V VE.Direct NEMA 5-15R
- 250 Continuous Watts, 400 Peak Watts. 36.8VDC-62VDC

OVERVIEW

Fabcon now offers battery solutions for your portable digital signage, both indoor and outdoor. These long-life, 48v batteries are built to last in tough conditions while remaining compact and easy to transport. Each is included with a 48/250 120V inverter and charger that make the batteries ready to use instantly, capable of powering any of Fabcon's portable signage displays.

High quality electric cells and built-in a 30A BMS protective plate, prevent over charge, over discharge, over current and short circuit and ensure the long life expectancy of the battery. The heat shrinkable outer layer is a special type of polyolefin casing, also called EVA material.

The inverters are short circuit proof and protected against overheating, whether it is due to overload or high ambient temperature. They have been tested and proven to match the needs of the 48v battery.

Keep your signage going strong hassle-free, with Fabcon's battery solutions.

SPECIFICATIONS & OPTIONS

BATTERY

Materials: Cross-linked polyolefin material and inner hot melt adhesive; 18650 Li(NiCoMn)O₂

Dimensions: L 9.7 x W 2.8 x H 6.3 inches

Weight: 13 lbs

INVERTER

Display: 24" or 32" HD LCD

Electrical: AC 100 - 240 V~ (+/- 10 %), 50/60 Hz

Part Number: FC-711601
